Counseling on Access to Lethal Means (CALM training)

Why take the time to engage in this 54-minute course? Here are the course objectives to explain the benefits that come from taking the time

- 1: Explain why reducing access to highly lethal suicide methods, especially firearms, can prevent suicide deaths
- 2: Communicate more effectively with suicidal and at-risk patients and their families about reducing access to firearms and dangerous medication
- 3: Understand the range of in-home and off-site storage options.
- 4: Feel confident that preventing suicide is an area on which providers, families, and gun owner groups find common ground.
